Secretary.

Honolulu, July 9th, 1900.

## A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it the best medicine I have ever tried." For sale by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Territory.

(Continued from Page 1.)

the valley. These varieties are the Nohu, a dark stem taro and a good producer; the Pala-i, the Pii-Alii, or pink-poi taro, the kind formerly taboo to the chiefs and kings; the Ha-okea and the Ka-i, the last-named being a very good, hard, blue taro. Part of the land is being cultivated by hands on salary, the average pay being about 50 cents a day and part of it is being cultivated on the profit-sharing plan, the income for the cultivators being about the same as for those working on wages. All the taro is used in the settlement, and it is hoped that eventually enough may be raised to supply the settlement's demands.

The water supply, which comes from a small stream in the same valley higher up the mountains is in good condition. The eight-inch supply pipe, laying of which was begun eighteen months ago, has all been laid and the supply is now ahead of the present demand.

There are now at the settlement 988 inmates, being a decrease of 102 since December 31, 1898, while about forty more are awaiting transfer to the settlement at the receiving station at Kailua. Of the 988 inmates 394 are females and 594 males. But twenty-one are full-blooded white people, being distributed as to races as follows: Americans, 5; British, 4; German, 5; Norwegian, 1; Portuguese, 6.

The entire party visited the Bishop Home for Girls and the Baldwin Home for Boys, being shown every attention by the sisters and brothers in charge.

A girl baby 6 months old, born of leprosy parents, was carefully examined by the board, and, being pronounced clean, was brought back to the city, where she will be placed in the keeping of the sisters at the Kapiolani Home. There are twin girls, 10 months old, at the Bishop Home, their mother having been sent to the settlement a little over a year ago. The husband and father visited them yesterday, and as the children show no taint of the disease, he will be ordered to find a place for them outside the settlement as soon as possible, failing which the board will commit them to the care of the Kapiolani Home.

There were many affecting scenes, both upon the arrival of the boat and upon her departure, in the parting of friends. The return trip was begun shortly after 4 o'clock, the boat reaching her dock at 10:40 last night with a tired and weary lot of passengers on board.

Just arrived on the Mary E. Foster, a large shipment of horses, mules, choice milk cows and chickens of special varieties. Honolulu Stockyard Co., limited.

A lame shoulder is usually caused by rheumatism of the muscles, and may be cured by a few applications of Chamberlain's Pain Balm. For sale by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Territory.
